ASSETS UNDER MANAGEMENT

€1.3Bn

AREAS OF EXPERTISE

- Growth capital
- Buyout capital
- Equity reorganisation

ESG DUE DILIGENCES DURING INVESTMENT PROCESS

- IDIA Capital Investissement carries out pre-investment ESG analysis to identify key issues involved in each investment and define improvement targets.

ESG SUPPORT TO PORTFOLIO COMPANIES

- Exchanges with management on CSR theme in the authorities of governance.

ESG VENDOR DUE DILIGENCES

- IDIA Capital Investissement does not carry out Vendor Due Diligence.

QUALITATIVE DESCRIPTION OF THE ESG STRATEGY

- Close involvement of General Management in installation of data gathering and consolidation applications both internally and for the investment portfolio.
- Consideration of ESG parameters in the investment process: analysis and insertion of a paragraph in all shareholders' agreements.
- Census of the taking into account of possible CSR approaches within our wallet of participations.
- Establishment of an annual ESG report since the formalization of a ESG Charter in 2014.
